

19th ESASO RETINA ACADEMY

15-16 November 2019

Medical University, Warsaw, Poland

Friday, 15 November 2019

08.30 – 11.30 **WET LAB (no CME Accreditation)**
Industry - Sponsored Session

RETINAL SURGERY 1

- 8.45-09.00 Welcome and Introduction
F. Bandello, Italy, G. Guarnaccia, Switzerland, R. Rejdak, Poland
- 09.00-10.00 Complex cases in vitreoretinal surgery
M. Romano, Italy, D. Weinberger, Israel
- 10.00-11.00 **COMPLICATED CASES - 3D VIDEO SESSION**
Directed by: **Robert Rejdak**
Jerzy Mackiewicz, Slawomir Cisiecki , Katarzyna Nowomiejska, Marcin Stopa

11.00 -11.30 *Coffee break*

- 11.30-12.00 Discussing all the new vitreoretinal equipments
H. Bennett, UK, F. Dhawahir –Scala, UK
- 12.00-12.30 Surgical Management of vitreomacular traction from normal to high myopic eyes
I. Chowers, Israel, A. Nikolakopoulos, Greece

12.30 – 13.30 **Master Classes (no CME Accreditation)**
Industry - Sponsored Symposium

13.30-14.00 **ESASO GRADUATION AND POSTER AWARD**

RETINAL SURGERY 2

19th ESASO RETINA ACADEMY

Chair: *T. Avitabile (Italy)*

14.00-14.30 From simple vitreal hemorrhage to tractional detachment: surgical management of Diabetic Retinopathy
E. Özmert, Turkey, F. Boscia, Italy

14.30-15.00 TAMPONADES: what to do when they don't flat the retina and surgical complications correlated with their use
F. Dhawahir –Scala, UK, P. Lanzetta, Italy

15.00-15.30 Retinal detachment in miopic eye
D. Weinberger, Israel, A. Nikolakopoulos, Greece

15.30-16.00 *Coffee Break*

16.00 – 19.00 **WET LAB (no CME Accreditation)**

Industry - Sponsored Session

RETINAL SURGERY 3

Chair: *R. Rejdak (Poland)*

16.00-16.30 Cataract extraction and presence or implant of Premium IOL in retinal surgery
H. Bennett, UK, S. Cisiecki, Poland

16.30-17.00 Choosing among techniques for scleral fixation of IOL or anterior chamber IOL Implantation
M. Rekas, Poland, A. Augustin, Germany

19th ESASO RETINA ACADEMY

Saturday, 16 November 2019

09.00-09.40 OCT-A The Contribution of Polish Ophthalmology

Directed and Organized by: Robert Rejdak

- 09.00-09.05 **Introduction by Prof. Rejdak**
- 09.05-09.12 How OCTA has changed our clinical practice - Anna Matysik-Woźniak, Robert Rejdak
- 09.12-09.19 Angio OCT in DME - *K. Michalska Malecka*
- 09.19-09.26 Angio OCT in age related macular degeneration - *Slawomir Teper*
- 09.26-09.33 Role of Angio OCT in the national treatment programme for AMD – *Malgorzata Figurska*
- 09.33-09.40 **Discussion**

DME

Chairs: *A. Loewenstein (Israel), T. Avitabile (Italy)*

- 09.40 Oct signs not to be missed in DME assessment
A. Erginay, France
- 09.47 New data of anti-VEGF treatment of DME
M. Goldstein, Israel
- 09.54 New data on corticosteroids treatment of DME
A. Augustin, Germany
- 10.01 *Controversial point: Combining corticosteroids with anti-VEGF should be considered in the management of DME or not?*
A. Loewenstein, Israel
- 10.11 *Critical point: Under or Over Treat a DME? What risk you can accept to?*
F. Bandello, Italy

10.21-10.51 *Coffee break*

DIABETIC RETINOPATHY

Chairs: *S. Sivraprasad (UK), I. Chowers (Israel)*

- 10.51 Retinal Non perfusion and Anti-VEGF Therapy in Diabetic Retinopathy: What We Know and What We Don't Know
S. Sivraprasad, UK
- 10.58 Protocols of treatment for PDR
E. Özmert, Tur
- 11.05 *Controversia lpoint: Potential retinal damage in the long-term anti VEGF treatment*
A. Loewenstein, Israel
- 11.15 *Critical point: What may happen when a patient stops intravitreal anti-VEGF treatment for PDR?*

19th ESASO RETINA ACADEMY

F. Bandello, Italy

11.25-11.35 Key-note Lecture: Rupert Bourne

AMD

Chairs: *F. Bandello (Italy), A. Augustin (Germany)*

11.35 Imaging of AMD

A. Erginay, France

11.42 What we can learn from AMD genetics

F. D'Esposito, Italy

11.49 Reactive or proactive treatment for neovascular AMD

S. Sivraprasad, UK

11.56 Update on emerging treatments for geographic atrophy

A. Augustin, Germany

12.03 Gene therapy for AMD

F. D'Esposito, Italy

12.10 *Controversial point: How do you treat a silent or low-activity CNV?*

M. Goldstein, Israel

NEW RETINAL LASERS

Chairs: *P. Lanzetta (Italy), A. Wosniak (Poland)*

12.20 Subliminal/Micropulse laser

B. Falcomatà, Italy

12.27 Photo biomodulation

M. Battaglia Parodi, Italy

12.34 Nanosecond laser

P. Lanzetta, Italy

12.41-13.00 *Panel Discussion (topics decided by panel members)*

13.00 *Closing remarks and Farewell*
